

FACULTY/CLIENT RELATIONS ROUNDTABLE

December 3, 2020

9 – 10:30 a.m.

Lamar University's Center for Advancement in Port Management (CAPM) is hosting a 90-minute Roundtable. This informal session is in a fully online forum for industry owners and consultants to talk to faculty about problem definition, schedule and solution delivery for industry (and government) and the various steps needed to successfully complete a project from the client's perspective!

Faculty researchers will learn the what, when and how to deliver requested research projects to their clients. Clear communication and coordination make for successful work possibilities!

Please join us while we learn valuable information from our distinguished panelists. Larry Kelley, Executive Port Director/CEO, Port of Port Arthur; Vijay Agrawal, PE, Vice President, AECOM Americas Ports & Marine; and Dr. Sina Nejad, PE, Founder and President, Sigma Engineers.
